

JULY 2022 Newsletter in Video Format

By Don Harris , Kentucky Association Vice President and Communications Chair

Greetings Kentucky Association members and friends!

As mentioned in the previous communications, the format of the Association Newsletter is going from paper to digital. When a newsletter is published, a new video link will be provided that is unique to that publication. I will endeavor to keep the video less than 10 minutes and will continue to provide content focused primarily on USATF matters at the association, regional, and national level. The video link for the July 2022 newsletter is <https://youtu.be/-Egc6Clx7EA> .

If you have suggestions, feedback, or content ideas for this newsletter, please submit those to harrisdon3807@gmail.com.
